“No Brainer Advertising for Automotive Dealers”

FINALLY, advertising that stays with your customer and will not be thrown away.

FINALLY, advertising that actually saves you money.

FINALLY, advertising that will last the lifetime of the vehicle.

Dealers now have a strong way to advertise in the changing market and at the same time, stretch their dollar further. This new key, the ID Key, will give you a unique and fresh way to promote your dealership, reduce inventory, and save money.

You're buying the keys anyways, why not have your name on it.

ID Key has over 25 years of experience with automotive locks, keys, key machines, and key storage systems. We serve the automotive industry exclusively, supplying the ID Key, classic key blanks, transponder key blanks, integrated remote keys, automotive locks, key machines and key storage systems.

ID Key – More Than Just A Key

Get the same benefits as an ID-Key from your Integrated Remote Keys and Fobs. Our decals transform Remote Head Keys and Fobs into a powerful marketing tool that goes places other advertising just can't.

ID Key is unique and cost effective way to to promote your company. A single ID Key can be used in place of your manufacturer keys, making a versatile addition to your inventory.

Key chains and other promotional materials are often discarded, but everyone keeps a working key. The embedded logo is designed to last the lifetime of the key

so the advertising benefit lasts as long as the life of the vehicle. ID Keys are manufactured by OEM manufacturers and guaranteed to work.

Getting started with ID Key is simple and easy with no extra setup fees. You get your custom logo imprinted the way you want. Unlike many other promotional items, ID Keys are not limited by colors, giving more freedom to your logo design.

Key Cutting Service

Get Any Automotive Key Cut to Code

ID Key can cut any automotive key to code and have it shipped out to you within 24 hours. Call, fax or email us with the key blank or vehicle information and the key code required. We'll have our skilled technicians cut a key to your code and ship it out within 24 hours.

We have access to most manufacturers' key blanks and the hardware required to cut them. This includes the new Side Mill and TIBBE keys as well as foreign high security keys.

We can also cut your stocked keys to code. Simply ship your key blank to us with the key code and we'll have it cut and shipped back to you within 24 hours.

Futura Auto

Electronic Key Cutting Machine

The electronic key cutting machine with one cutting station and two interchangeable clamps that is designed for duplicating and originating a wide range of automotive keys, including for heavy trucks and motorcycles. Not only does it cater to the mainstream automotive keys, but it can also cut keys for gas cap locks, glove boxes, and roof racks.

What makes the Futura Auto truly stand out is its user-friendly interface. It is controlled by a convenient and removable 10-inch (254mm) touchscreen tablet, which acts as a smart guide, assisting users step-by-step in all key cutting operations. Whether you are newcomer to automotive key duplicating or an experienced professional, the Futura Auto is the perfect tool for your business. With its intuitive guidance and advanced capabilities, it ensures efficiency and precision in every key cutting task.

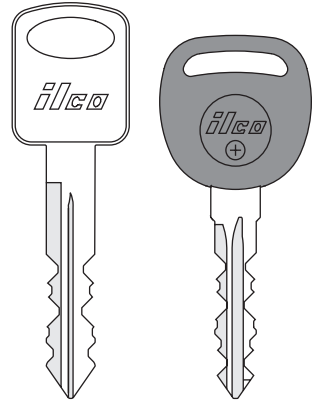

Features:

- User friendly software with step-by-step instructions
- Fast key search – simply enter Make/Model/Year and the software guides you through the process
- The color-changing LED lights help the operator to immediately see the process status
- Wi-Fi link between machine and tablet or the tablet can be tethered directly to the machine
- Step-by-step instructions for updating machine software
- Generous sized working area, easily accessible and always clean thanks to the swarf collection system and the pull-down protective screen
- Shortcut function for vehicle key cutting code searches. Just input the first letters and the software will prompt the make and model your looking for, so you don't have to manually enter the entire field.
- Multi-language support
- Transparent safety shield contains chips and isolates moving parts
- All operations are disabled immediately when safety cover is retracted
- Large emergency stop button on side of machine

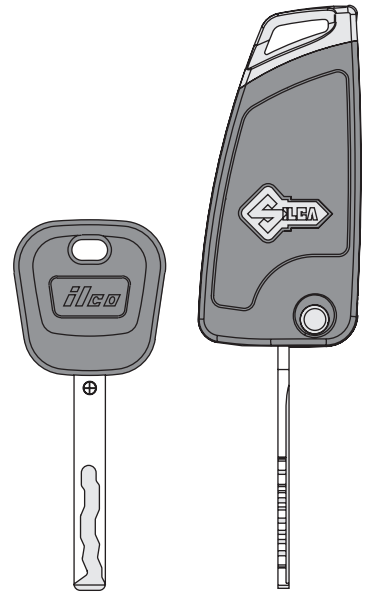

Edge-Cut Automotive Keys

- 01VA four-sided clamp with easy rotation system
- Software indicates which of the four jaws to use for each key reference to minimize vibration and maximize quality of cut (keys are gripped on the milling groove to provide stability when cutting two-sided symmetrical keys)
- Automatic detection of the key blank edge
- Large flip-up gauge for perfectly aligning keys in the jaw
- Decoding by electrical contact
- “Partial cuts” function for broken keys, allows you to decode a portion of the key or enter the known cuts and create a “cutting tree” to minimize the number of keys needed to create a working key

Laser Automotive Keys

- 01RA clamp secures laser keys on the neck of the blade eliminating the need for special jaws or adapters
- Automatic tip detection for tip gauged keys
- Decoding by electrical contact
- Key-cut preview
- Software indicates which of the three cutters provided you should use to optimize the cutting cycle of a laser key allowing you to maximize cut quality and minimize cutter wear

ZEXX™

AUTO COLOGNE WAX

A simple to use carnauba spray wax and quick detailer, that not only leaves your vehicle with an incredible deep shine, but and a potent designer cologne or perfume scent that emanates up to 10 meters.

Three potent men's scents and a very impressionable women's scent. Highly refined white carnauba wax that delivers a deep, streak free shine.

Apply quick and easy with the Zexx atomizer spray trigger, then buff to a brilliant shine with a microfiber cloth. Place that microfiber cloth under your car seat or in your glove box and your car's interior will have that same designer scent for months.

Available in cases of 12 cans with 3 of each fragrance. Each case includes an easy to assemble counter top display.

Each case comes with an easy to assemble counter top display.
